iRODS

The iRODS User Group Meeting

The annual iRODS User Group Meeting brings iRODS users, administrators, Consortium members, and staff to discuss iRODS-enabled applications and discoveries, technologies powered by iRODS, and the future of iRODS and the iRODS Consortium. The meeting hosts presentations from the user community and the core development team, including use case presentations, live demonstrations, and open discussions about requested iRODS features.

<u>June 5 - June 7, 2018</u>	iRODS Consortium	Durham, North Carolina, USA
